**AN INTERVIEW WITH AI MIYAZATO**

Q. The score we talked about yesterday now you are here in the final 8, what do you have to do tomorrow?

**AI MIYAZATO:** Well, I just try to make birdie tomorrow, I think. There are a lot of low scores today, I can't play conservative golf like I did today.

Q. Do you go in with a number in mind that you have to shoot tomorrow?

**AI MIYAZATO:** At least 5-under I think.

Q. Now, they are pairing based off the Money List, so you will probably be maybe one of the first couple groups out, does that matter to you?

**AI MIYAZATO:** It doesn't matter.

Q. Will you be watching the scoreboard a lot tomorrow?

**AI MIYAZATO:** Well, maybe.

Q. Maybe?

**AI MIYAZATO:** Yes.

Q. Would you typically watch it?

**AI MIYAZATO:** Yes.

Q. So you said you played conservative and played aggressive tomorrow, what will you transition to, or what will you have to change in your game for that?

**AI MIYAZATO:** Just get in a lot of chances and toss them out and it's going to be a different situation they were playing in, I will do my best.

Q. Have you thought about winning a million dollars tomorrow?

**AI MIYAZATO:** I think every day. Every day.

Q. Do you think that will add any extra pressure for tomorrow?

**AI MIYAZATO:** I think so, yes, definitely.

Q. Do you ever think about playing for money before or will this be the first time you are thinking about actually playing for money?

**AI MIYAZATO:** No, first time.

Q. Talk about today, was it frustrating at all knowing that all you had to do was just get to tomorrow?

**AI MIYAZATO:** Only eight players today, just try to make par.

Q. Was there anything today that maybe you were going to hit driver on a certain hole or you laid up where you might hit an extra club, did you do anything different like that?

**AI MIYAZATO:** Just a little bit. Some time I would change a club, from water or something.

Q. If it's windy tomorrow, does that favor you, does that not favor you?

**AI MIYAZATO:** Maybe it's good for me tomorrow. I like the strong wind so, yes.
