Tournament quotes:

QUICK QUOTES FROM BLAKE ADAMS

BLAKE ADAMS: It was obviously a lot of fun out there. I hit a lot of fairways, a lot of greens. I gave myself a lot of chances, made a lot of them, and certainly missed a few. All in all, a great day and hope I can keep it going.

Q. How tough was it to sit there and wait for that last hole after being on such a roll all day?

BLAKE ADAMS: It's a little tough. It is what it is. We always face weather things that you can't -- you have no control over whatsoever. So I just dealt with it how I could. Just had a driver, a 9 iron, and unfortunately two-putt, but it was fine.

Q. Is this your best round? Have you ever had a day like this before?

BLAKE ADAMS: I've had a lot of low numbers. This was obviously my best round here, which means a lot more than back home driving the cart with your boys. It was just a fun day of golf. You know, it was a special day that I'll obviously remember for a long time.

Q. Blake, what did you do during the delay? What did you do?

BLAKE ADAMS: Let's see. I did a few texts. Hung out with my wife a little bit, hung out with some friends, told some jokes, talked about fishing. You know, just what all rednecks do, I guess. I don't know. Just hung out with all my friends here.

It was a great, great group of guys out here. So the time usually passes pretty quickly.

Q. How do you explain a 72 and then a 62?

BLAKE ADAMS: I did not make any putts yesterday. I had a lot of opportunities. I'm not sure what my stats are, but a buddy of mine who was following me said I was 1 for 13 putts inside 16, 17 feet. That usually equals out to not a 62.

Obviously, the putter was the main difference. We'll just see how it goes the next two days and keep on going.

Q. Did 59 enter your mind?

BLAKE ADAMS: After I made eagle, I had a chance. I had to obviously play perfect golf coming in. I birdied the next two holes maybe, I guess. And then ended up in the bunker on 8, so I ended that little run.

It's a nice thing. I have flirted with it various times in my life back home, and I done whatever. But obviously never on this stage.

Q. How far was the putt you missed on 8?

BLAKE ADAMS: Probably 10, 11 feet probably.

Q. About the same --

BLAKE ADAMS: About the same as the last one there. I had a lot of good looks. I made a couple long putts. I made a long putt on my third hole, the par 3 up on the ridge, but for the most part, I had pretty straightforward simple putts. It could have been really, really, really good, but I'll take 62 any day.
