BOSTON COLLEGE EAGLES

COACH CATHY INGLESE: Yes, obviously we are disappointed in the loss. I think the last time we played Virginia, we played them very, very well, especially the first half. They played us tight the second half. I think it was hard-fought game. I was disappointed probably the last four or five minutes in some of the turnovers that we created, the out-of-bounds play. The turnover at half court.

I think Virginia does a nice job second half closing us down, holding us to about 30 percent from the field.

But overall, it was a well fought game. We were trying to get the ball inside. We were very successful the last time we played them getting it inside and trying to get to the foul line. Tonight we just didn't get to the foul line. And that, I think, all season would be successful, was something done, very, very well. We had taken a lot of foul shots, 6 foul shots tonight was not enough for us.

Q. Great first half, but then the second time you would go ahead, they'd come back and tie you.

Do you think you guys were getting impatient. Kindyll was 2-for-11 from behind the arc; was that kind of indicative of you guys rushing things when they did catch up.

COACH CATHY INGLESE: Yes, I think as soon as we did a little bit, we were talking about that during time-outs as far as our tempo. We just needed to be not so much patient but we just needed to slow ourselves down. Our kids, what happens, I think they are hard workers. When things aren't going well, they try to overwork instead of being more patient. Kindyll feels she is a major scoring threat for us and sometimes tries to get that key shot instead of being a little more patient. There were times midway through the second half where our tempo was a little more rushed, a little bit more Virginia's tempo.
