Second-round leader quotes

AN INTERVIEW WITH CRISTIE KERR

(Interview by tape.)

Q. First let's just talk about your round.

CRISTIE KERR: Well, I played great today. I hit a lot of good quality golf shots and just putted much better than I putted in the last several weeks. I had a lot of looks for birdie. It's the first tournament in forever long that I can remember that I actually lined myself up as well. Usually I have my caddy line me up, so I just kind of had a feel with that, and I just played really well today.

Q. How about that bunker shot on 18?

CRISTIE KERR: It was great. It was actually a good place to miss it, pretty flat, from the bunkers to the pin, not real downhill crazy or anything, and it was pretty makeable actually. I couldn't imagine I hit it there. But I thought it was a pretty easy up and down. It was pretty.

Q. A pretty big comeback after the start yesterday?

CRISTIE KERR: Yes, absolutely.

Q. What clicked, Cristie, was it something you changed?

CRISTIE KERR: Yes, I was playing the 8th hole yesterday and I started lining myself up and I just started getting more into my routine and just got more of a feel for the shots, and it didn't feel quick. My tempo didn't feel quick, so it was a good thing just to go ahead and do that.

Q. When had you last lined yourself up?

CRISTIE KERR: Years and years ago.

Q. Really?

CRISTIE KERR: Yes, I fool around with it every now and then.

Q. And yesterday were you just so frustrated?

CRISTIE KERR: Yes, I was just so frustrated. I said somethings got to change, because it didn't feel that bad, I had been working with my coach all week, my mental coach, and it just wasn't all mentally there, and I thought I had to do that to kind of get back.

Q. And you are right back in this?

CRISTIE KERR: Yes, absolutely.
