## **AN INTERVIEW WITH STACY LEWIS**

**JASON TAYLOR:** Stacy, thanks for coming in. Kind of an interesting day, the first half seemed to be fine weather-wise, condition-wise, and then all of a sudden the sky kind of opened up with this rain for the finish. But nonetheless you finished at 9-under par. Your best finish of the year. So if you would just kind of talk about how the day went for you.

**STACY LEWIS:** Well, I'm really frustrated with the finish. I know the conditions were hard, but just frustrated with the way I finished. I mean, I got things going there, the chip-in on eight, then made a good birdie on 13. Even when it was raining I got to 13-under. I was in a pretty good place and then, you know, I just started to hit some bad golf shots and missed a couple of putts. It just made it really hard on myself. I didn't give myself that many good looks at birdies. I mean the conditions definitely made it harder though.

**JASON TAYLOR:** Questions?

Q. When you get in a situation where you're not hitting your shots, how do you adjust and try to recuperate from it?

**STACY LEWIS:** I don't know. One, it was hard to judge what the ball was going to do. Your clubs are wet, the ball is wet, the ground is wet. There is a little bit of guess in there, just try to hit the best golf shot you can. I hit two great shots into the last hole and then I'm fortunate just to make bogey. You just try to adjust as best as you can.

Q. With all of the rain the course took this week was it holding up well in the last round?

**STACY LEWIS:** Yes, we didn't have a lot of mud or anything like that, so the course held up great. I think pretty good for as much rain as they've gotten.

Q. When you get here today what's the mindset, catching her is possible, not possible, somebody coming way back to you?

**STACY LEWIS:** I heard it was going to rain so I kind of thought that would actually help us, just the conditions would be hard, and so it would allow a great round to move up quite a bit. And so I just went out and tried to make as many birdies as I could and move up the leaderboard. At 13-under through 12, I thought I was in a really good place and then I just didn't really hit the shots I wanted to after that.

Q. So the weather is more miserable then?

**STACY LEWIS:** Yes, it definitely makes it more miserable for sure.

Q. Realistically, when you started the day you knew you were 5 behind her, and she was playing so good, was it tough to even get going today knowing it would be a long tall mountain to begin with before the rain even started?

**STACY LEWIS:** No, I don't know going into it. I knew the conditions were going to get hard. Actually I wanted that. I told my caddy, when the condition gets hard we have to get better and go out there and make some birdies when every one else is struggling to make pars and that was kind of the mind set. It started to rain and I a couple of good pars. I made a good birdie on 12. I was doing what I wanted to do and then I think I missed a short putt on 14, and I think that just kind of threw me off. I mean, I think with the conditions like this, was she catchable? For sure. But she played great, you can't take that away in her.

Q. Do you leave satisfied, content, those last five holes linger?

**STACY LEWIS:** Yes, I mean right now I'm not very happy at all. I'm sure when I look back it's another good finish for me. And I played well this week. But right now it's pretty tough to take.

Q. Disappointing the way it came to an end with the rain, you haven't played here before, typically big crowds on Sunday, was it disappointing for you? It was like a ghost town by the end of it probably?

**STACY LEWIS:** Yes, it was unfortunate just the way the tee times fell and the way it worked out. The weather was great earlier in the day. The crowds were great and it was building to be a really good finish and the weather just kind of pulled people away. I've never been here, but from what I saw yesterday, the crowds were awesome and it would have been probably twice as good today. Just more important for the fans I think than for anybody.

JASON TAYLOR: Thanks, Stacy.
