### Interview with Annika Sorenstam

Q. Was it trying out there, a little bit, with the conditions?

ANNIKA SORENSTAM: Well, it's very hot and it's very wet, but no, I mean, I think we are all happy to be getting a chance to play again. It's been kind of a funny week that way. Surprising that it's playable.

Q. Annika, coming back out here, just assess what you did on the course and keeping in mind that you have to sit around for a few hours, waiting for the cut, and keeping in mind that you do have to go back out here in the afternoon if the course does dry out.

ANNIKA SORENSTAM: I'm just going to play my game. I'm not going to be too worried about it. We have two more rounds to go, and I'm not going to worry about it. It's going to be a long day. I'm not worrying about it. I'm going to go have a nice lunch and come out and play.

Q. We talk about the course being so wet, but how much does it help you? You can basically throw darts at the pin and basically take aim at the pin that otherwise wouldn't be so accessible.

ANNIKA SORENSTAM: Yes, you can be a lot more aggressive, that's for sure. You only have to worry about whether the ball is going to spin. So it helps when it's a little more undulated and the slopes come back to the front. You have to be careful with the shots. Even though it's wet, I think you still have to play your way around the golf course and have your strategy.

Q. Is there a number that you will shoot for that you go out and think 4, or 5, or 6-under?

ANNIKA SORENSTAM: No. I just play the best I can. (Inaudible). Like I say, anything can happen. I'm just going to continue to play. I'm very happy with

the way I'm striking it and making the putts, and I'm happy.

Q. Is it a little nerve-racking when you get (inaudible) that you have to go through?

ANNIKA SORENSTAM: I hate to be negative. It's kind of like you're at Disney World and you don't like some rides, but, you know, like I said, I'm amazed that we are playing. With all that rain and all that humidity and the river, it's just amazing.
